

BATTULA RAMANA TRIVEDI

9030860949 — trivedireddy312@gmail.com — linkedin.com/in/trivedi-reddy-battula — github.com/trivedi2005

PROFILE SUMMARY

Engineering Graduate with strong foundations in Software Engineering, Full-Stack Java Development, Python, SQL, and Data Analysis. Experienced in developing scalable MVC-based web applications and implementing database optimization techniques. Skilled in problem solving, software design, debugging, and developing efficient solutions using modern software engineering practices. Passionate about building reliable applications and leveraging data-driven insights to improve business processes.

TECHNICAL SKILLS

- Programming:** Java, Python, SQL
- Concepts:** Object-Oriented Programming, Data Structures & Algorithms, MVC Architecture, Software Engineering Principles, Machine Learning
- Web Technologies:** HTML, CSS, JSP, Servlets, JDBC, React
- Tools:** Git, GitHub, MySQL, Apache Tomcat, Visual Studio Code, Excel
- Methodologies:** Debugging, Testing

PROFESSIONAL EXPERIENCE

Micro Data Analytics Intern — CSRBOX

- Analyzed and validated large datasets, improving data accuracy by approximately 20%.
- Performed data profiling and trend analysis to identify inconsistencies and anomalies.
- Developed Excel-based reports and dashboards for stakeholder decision-making.

PROJECTS

Flow Track – Order & Operations Management System

- Developed a full-stack Java web application using JSP, Servlets, JDBC, and MySQL following MVC architecture.
- Implemented authentication, input validation, and role-based access control mechanisms.
- Designed relational database schemas and optimized SQL queries to improve performance.

EV Battery Prediction using Digital Twin Technology

- Developed a real-time Digital Twin solution using Machine Learning, Python, and Explainable AI.
- Achieved 92% prediction accuracy in estimating battery degradation and remaining useful life.
- Applied feature engineering, preprocessing, and feature scaling techniques on large datasets.

EDUCATION

B.Tech in Electronics and Communication Engineering	CGPA: 8.3/10
Bhoj Reddy Engineering College	
Intermediate	97.7%
Secondary School Certificate (SSC)	100%

CERTIFICATIONS

- Python Certification – SIIT
- Data Structures and Algorithms Certification – SIIT
